Cookie Policy for MyAlbum

This is the Cookie Policy for MyAlbum, accessible from https://myalbum.com/legal where you can also find our privacy policy and general terms and conditions.

What Are Cookies

As is common practice with almost all professional websites this site uses cookies, which are tiny files that are downloaded to your computer, to improve your experience. This page describes what information they gather, how we use it and why we sometimes need to store these cookies. We will also share how you can prevent these cookies from being stored however this may downgrade or 'break' certain elements of the sites functionality.

For more general information on cookies see the Wikipedia article on HTTP Cookies.

How We Use Cookies

We use cookies for a variety of reasons detailed below. Unfortunately in most cases there are no industry standard options for disabling cookies without completely disabling the functionality and features they add to this site; therefore MyAlbum offers you to choose three different privacy levels in your cookie settings.

Disabling Cookies

MyAlbum offers you to choose three different privacy levels in your cookie settings. You can also prevent the setting of cookies by adjusting the settings on your browser (see your browser Help for how to do this). Be aware that disabling cookies will affect the functionality of this and many other websites that you visit. Disabling cookies will usually result in also disabling certain functionality and features of the this site. Therefore it is recommended that you do not disable cookies by adjusting your browser settings.

The Cookies We Set

- Account related cookies

  - If you create an account with us then we will use cookies for the management of the signup process and general administration. These cookies will usually be deleted when you log out however in some cases they may remain afterwards to remember your site preferences when logged out.

- Login related cookies

  - We use cookies when you are logged in so that we can remember this fact. This prevents you from having to log in every single time you visit a new page. These cookies are typically removed or cleared when you log out to ensure that you can only access restricted features and areas when logged in.

- Orders processing related cookies

  - This site offers e-commerce or payment facilities and some cookies are essential to ensure that your order is remembered between pages so that we can process it properly.

Third Party Cookies

In some special cases we also use cookies provided by trusted third parties. The following section details which third party cookies you might encounter through this site.

- This site uses Google Analytics which is one of the most widespread and trusted analytics solution on the web for helping us to understand how you use the site and ways that we can improve your experience. These cookies may track things such as how long you spend on the site and the pages that you visit so we can continue to produce enticing online products.

- As we sell products it's important for us to understand statistics about how many of the visitors to our site actually make a purchase and as such this is the kind of data that these cookies will track. This is important to you as it means that we can accurately make business predictions that allow us to monitor our advertising and product costs to ensure the best possible price.
