Personal Data

MyAlbum takes your trust and privacy very seriously. In order to ensure your albums are kept safe we ask you to create an account with us. We understand you wish to limit the amount of services with access to your personal information as much as possible, therefore you can use Google or Facebook to subscribe with us. For those who do not wish to use either of these services to subscribe with MyAlbum/ or do not have a Facebook or Google account, we offer an alternate registration flow requiring you to provide us with your name and email address.

MyAlbum facilitates the sharing of albums through your preferred social platforms such as Facebook, Twitter and Whatsapp, and of course we provide easy sharing through email. This means MyAlbum does not take care of the actual sharing process and therefore MyAlbum does not store any data of who can see your albums. MyAlbum does keep a record of user interactions with albums eg. following an album, placing comments or liking photos. In some cases other users or the owner of the album gets informed of such interactions.

Besided storing your albums with photo's, video's, texts and personal messages of whatever type. MyAlbum will also store the personal information you might provide in your profile. In addition to this we will store your IP-address in order to help you with the correct country and language settings.
